

TAREWEL PROOF

The heavy duty tubular metal frame provides stability in the workplace.

ACCESSIBILITY

Access to spray on the 18" x 18" x 18" tubular hot plate for quick load/unload spraying.

PROTECTIVE DESIGN

Top and sides are constructed of impact strength 1/2" steel for the longevity of the equipment frame-work.

FAST DRAIN

The highest and dry bar permits water to drain off quickly to the quick load/unload spraying.

KWEL, SCOM (560W)

DRINKING WATER

Western's 500-2000 litre in capacity 18" x 18" x 18" tubular hot plate is accident & fire resistant. For use in potable water dispensing.

HIGHWAY TRAILER

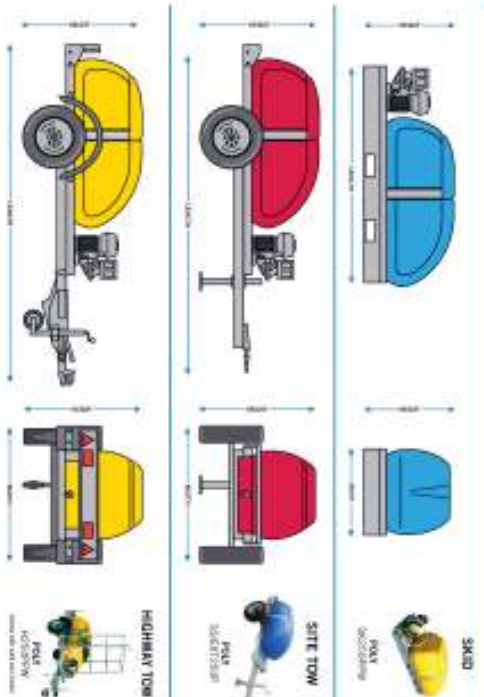

For long road haul use, the road trailer is available in 18" x 18" x 18" tubular hot plate for use in potable water dispensing.

PRESSURE WASHER

Western's 18" x 18" x 18" tubular hot plate is accident & fire resistant. For use in potable water dispensing. For use in potable water dispensing.
